TRADE PRICE-LIST

—OF—

NURSERY STOCK

—FOR SALE BY—

F. S. PHOENIX,

NURSEYMAN,

City Office, Eagle Block, Room 8.
Telephone No. 237.

BLOOMINGTON, ILL.

Nursery and Packing Grounds:
One and One-half Miles Southeast from Court House.

TERMS CASH. Remit by postal or express order or bank draft. Stock shipped C. O. D. when one-half cash is advanced.

PRICES; except noted, are for first-class stock. Rates on larger quantities than herein quoted will be given on application. Five furnished at the ten rate, fifty at 100, 500 at 1,000. On wholesale orders I reserve the right to select varieties, but always adhere as closely as possible to instructions. Long, specified lists are subject to special prices.

ORDERS Write separate from letter. State:

1. Variety, number, size, or age of stock.
2. Mode of shipment—mail, express, or freight.
3. WRITE YOUR NAME AND ADDRESS PLAINLY.

PACKING is done in boxes or burlaps, with moss and straw, for which a moderate charge is made.

SHIPPING generally begins March 1 and October 1. To the south we ship from frost-proof cellars all winter. Bloomington is a great railroad center, thus affording competition in rates. The express companies here are the United States and American. After delivery of stock at the railroad depot or express office my responsibility ceases.

GUARANTEE. All stock is sold and warranted true to name on the sole and express condition, that should any prove untrue, it will either be replaced with the genuine variety or purchase price refunded.

DEALERS wishing to pack here will find my facilities first-class.

CORRESPONDENCE SOLICITED.

This list abrogates previous quotations.

For telegraphing, use nurserymen's telegraphic code.

HARDY ROSES—OUTDOOR GROWN, 2 YEARS.

Special attention is called to our superb stock of two year old Roses. They are from 18 to 30 inches in height and heavily rooted. The fact that this stock is wholly *grown out of doors*, should not be overlooked. Forcing roses under glass naturally weakens them, thereby causing great dissatisfaction among planters. List of leading varieties of roses grown is given below; many other sorts can be furnished. Prices are as follows:

	EACH	TO	100
HYBRID PERPETUAL—First class.....	\$ 25	\$ 1 50	\$ 9 00
“ “ 2nd class.....	15	1 00	6 00

NEW PEACH “YENSHI” HARDY.

This is a valuable new peach brought from northwest China, named by Prof. Budd, of the Iowa Agricultural College. We pronounce this the most remarkable new peach in existence and destined to supercede all others of its season. In fact, it has no competitors—it being the earliest *perfect freestone*—while the fruit excels the famous Alexander in both appearance and size. Prof. Budd claims this type to be 30 per cent hardier than the common class of peaches, and we have found this to be absolutely true; the trees having borne fruit for several seasons on our grounds even after the most severe winters. It is of dwarf habit and often bears the second year from the bud. We have plucked a half dozen well matured specimens from a tree not over three feet high. No one should be without this valuable variety, its rare qualities placing it at the head of the list. Price first-class trees, each 50 cents; per 10, \$3.50.
